

Summer is approaching! We have a Summer Intensive Program, Ballerina Princess & Prince Camps and Saturday morning classes for your children to follow their love of dance into the summer months. This year we have added a Workshop Week with choreographer and coach Krista King-Doherty. See below for details on our summer class options.

Summer Intensive Program

At DAB The Summer Intensive will be offered for children ages 7 and up. The program will consist of 6 weeks and 3 levels. Each week must be registered for separately and discounts are given on multiple weeks. If you have any question about what level to register for just let us know. There will be a short in studio performance at the end of the 6 week session to showcase what they learned over the summer. We encourage the kids to take as many weeks as they can, however, we understand with scheduling that is sometimes not possible thus single week registration is available. We have some exciting classes planned including Pilates and strength/stretch to start the day. In addition to ballet classes there will also be contemporary, character, terminology, dance history, sports psychology nutrition and more!

*The intensive is offered a total of 6 weeks with discounts on multiple weeks.
